Shipping to countries inside the EU: How to order ?

No minimum order

Please send your inquiry via mail and we will check if all plants are available.

We will send a quotation with shipping costs together with our bank details IBAN and BIC Codes for the EU-payment.

Payment is also possible via paypal , please allow to add the fees to cover costs for this service. After your payment, we will send out your plants as soon as possible.

Shipping to countries outside the EU: How to order ?

No minimum order

It is the same way as shown above, but please check, if a Cites paper is necessary to import plants into your country !

Most countries do allow the import of plants only with a Phytosanitary Cert., if it shows that all plants are produced artificially (Japan, South Africa, USA and Thailand for example ) Only the real airmail costs are charged.

Phytosanitary certificate costs 20 EUR

Wholesale orders

If you are interested to buy plants in bigger amounts (5 or 10 of each), please inquire.

We usually offer big amounts of adult plants (mostly sarracenia and dionaea) over winter, in a special list. Minimum order is 100 plants.

If you are interested, we can send you the special list with wholesale prices.

This list is only valid from december to march, in the dormancy period of the plants !

All plants are sent bare root !
